

# Changing Your MyUSA Portal Password

How do I change my password for MyUSA?

1. Log into MyUSA with your existing password.
2. Click on Icon in the top right next to the search Icon. (It looks similar to a person in a circle)

3. Next, select the "My profile & settings" link. Then on the next page you will see "Password & privacy". Select this link, then click the down facing Icon "v" which will expand the password change field.

4. Enter the required information and then select the "Save" tab located at the bottom of the page.

## Change password

Your password must be between 4 and 10 characters long.

Login: [REDACTED]

Required field \*

Old password: \*

New password: \*

Confirm new password: \*

Hint question: \*

If you want to ensure that only you can have a new password sent to your email address, enter a hint question and answer. A new password will not be generated without your answer being supplied first.

Hint answer: \*

5. Your MyUSA password has now been changed.

**\*Please note that your password must be in between 4-10 characters long\***
