

Reset Your Own Password!!

Register with our Password Self Service Portal to be able to reset your own email password

iPhone Instructions:

1. Scan the QR code with your phone's camera app and open the website
2. Sign into your USA email with your username/pw
 - If you don't know your email, please contact support@usa.edu with your Student ID and name
3. Configure a phone number you can receive calls or texts with
4. Configure a personal email; we suggest not using a school or work account you may lose access to
5. Once both email and phone and configured click on 'Finish' to complete

Android Instructions:

1. Download a QR code app to scan the code. We suggest QR Code Reader / QR Code Scanner
2. Follow steps 2-5 above.

Web Site Instructions:

1. Visit: <https://aka.ms/ssprsetup>
